June 26, 1935.

The Mint  
Manila, Philippine Islands.

Gentlemen:

Can you give us the following information:

The Philippine coinage struck at your mint each year and the denominations in which they were struck? Were all the 20 Centavo pieces struck in the year 1928 made with the reverse of the 5 centavo pieces - or did you receive later in the year the proper die for the 20 Centavo piece.

Very truly yours,

HW:JG
